Vitamin A, minimum	6,000 IU/lb

INGREDIENTS:

Grain Products, Plant Protein Products, Processed Grain By-Products, Forage Products, Roughage Products (15%), Molasses Product, Calcium Carbonate, Salt, Urea, Vitamin A Supplement, Vitamin D₃ Supplement, Vitamin E Supplement, Manganous Oxide, Zinc Oxide, Ferrous Sulfate, Copper Oxide, Ethylenediamine Dihydriodide, Cobalt Sulfate and Sodium Selenite.

FEEDING DIRECTIONS:

Wendland's 1-2 Range Meal is a controlled intake feed. Make sure meal feeders are placed near watering places. Be sure animals consume at least 1.5 pounds of roughage per 100 pounds of body weight per day. Total ration should be fed such that less than 1/3 of protein comes from non-protein nitrogen source. It is advised to start on partial ration for several days to assure adaptation to the urea in the ration. Provide a source of clean fresh water at all times. Additional mineral supplementation is required.
