### FEEDING DIRECTIONS:

Wendland's 3-1 C & S Range Meal is a controlled intake feed. Make sure meal feeders are placed near watering places. Be sure animals consume at least 1.5 pounds of roughage per 100 pounds of body weight. As this product contains non-protein nitrogen, it should be introduced to the herd slowly over the first few days of feeding until the cattle have adjusted to it. Provide a source of clean fresh water at all times.

**WARNING: FOLLOW LABEL DIRECTIONS**
