### FEEDING DIRECTIONS:

Wendland's Creep 5A is designed to be fed to calves at a minimum of 2.5 lbs per head per day. It is usually self-fed in an area closed off to mature animals. If animals are not nursing when introduced to Creep 5A it must be added gradually to prevent overeating. **Growing Beef and Dairy Cattle:** Should be fed at the rate of 7 lbs per head per day if under 700 lbs live weight and 10 lbs per day if over 700 lbs live weight. **Dairy cows** may be fed at the rate of 7 lbs per day.
