Calcium, not more than	1.25%
Phosphorus, not less than	0.60%
Salt, not less than	0.75%
Salt, not more than	1.00%
Potassium, not less than	0.80%
Vitamin A, not less than	5,000 IU/lb

INGREDIENTS:

Processed Grain By-Products, Grain Products, Roughage Products (20%), Plant Protein Products, Forage Products, Molasses Product, Magnesium Mica, Calcium Carbonate, Salt, Vitamin A Supplement, Vitamin D₃ Supplement, Vitamin E Supplement, Manganous Oxide, Zinc Oxide, Ferrous Sulfate, Copper Sulfate, Ethylenediamine Dihydriodide, Cobalt Sulfate and Sodium Selenite.

FEEDING DIRECTIONS:

Wendland's Range Cubes are designed for cattle on range to supplement grass. An intake of three to six pounds per head per day should be provided, depending on quality of pasture. Additional mineral should be provided free choice. Adequate distribution should be provided to allow all cattle equal access to cubes. If cattle have not previously been exposed to a non-protein nitrogen source, then introduce these cubes slowly at first to allow adaptation to this protein equivalent source. Provide a source of clean, fresh water at all times.
